Drone Non-Commercial License

Contributor: Drone.IO, Inc.

Source Code: <https://github.com/drone/drone>

This license lets you use and share this software for free, with a trial-length time limit on commercial use. Specifically:

If you follow the rules below, you may do everything with this software that would otherwise infringe either the contributor's copyright in it, any patent claim the contributor can license that covers this software as of the contributor's latest contribution, or both.

1. You must limit use of this software in any manner primarily

intended for or directed toward commercial advantage or private monetary compensation to a trial period of 32 consecutive calendar days. This limit does not apply to use in developing feedback, modifications, or extensions that you contribute back to those giving this license.

2. Ensure everyone who gets a copy of this software from you, in source code or any other form, gets the text of this license and the contributor and source code lines above.
3. Do not make any legal claim against anyone for infringing any patent claim they would infringe by using this software alone, accusing this software, with or without changes, alone or as part of a larger application.

You are excused for unknowingly breaking rule 1 if you stop doing anything requiring this license within 30 days of learning you broke the rule.

****This software comes as is, without any warranty at all. As far as the law allows, the contributor will not be liable for any damages related to this software or this license, for any kind of legal claim.****

Waiver: Individual and Small Business

Contributor waives the terms of rule 1 for companies meeting all the following criteria, counting all subsidiaries and affiliated entities as one:

1. worldwide annual gross revenue under \$5 million US dollars, per generally accepted accounting principles

2. less than \$5 million US dollars in all-time aggregate debt and equity financing

Contributor will not revoke this waiver, but may change terms for future versions of the software.

Waiver: Low Usage

Contributor waives the terms of rule 1 for companies meeting all the following criteria, counting all subsidiaries and affiliated entities as one:

1. less than 5,000 total pipelines executed using this software in the immediately preceding, year-long period

Contributor will not revoke this waiver, but may change terms for future versions of the software.
